EDUCATION

The Pennsylvania State University
Bachelor of Science in Computer Science

Graduation: May 2028
GPA-3.76 (Dean's List)

RELEVANT COURSEWORK:

Electricity and Magnetism, Data Structures and Algorithm and Digital Design

EXPERIENCE

Undergraduate Research Assistant

November 2025-May 2025

Investigated pair programming with Large Language Models (LLMs) through qualitative and quantitative analysis, focusing on human-AI collaboration, metacognitive strategies, and programming performance.

Amsys IT Solutions — Cybersecurity Intern

June 2025 – May 2025

Assisted SOC team in investigating phishing attempts, monitoring suspicious sign-ins, and responding to malware/ransomware incidents.

Performed log analysis with SIEM/EDR tools, documented incident tickets, and escalated high-severity alerts to senior analysts.

Information Desk Attendant-United States

January' 25 -Present

PROJECTS

Prepr – Smart Mock Interview Platform (HackPSU)

Designed the UI/UX and integrated Gemini Pro & ElevenLabs Voice APIs for real-time interview analytics (tracking confidence, metrics, and face tracking via FaceMesh API).

Implemented resume-aware questioning, customizable interviewer personas, a countdown dashboard, and a responsive Bento-grid showcase.

Interactive Portfolio Website

Built a responsive, glass-morphic personal portfolio utilizing a custom aesthetic theme, dynamic typewriter effects, and smooth theme toggling.

ONLINE COURSE CERTIFICATIONS

- Introduction to CS50 - Harvard University
- Supervised Machine Learning: Regression and Classification - Stanford University
- Programming for Everybody (Getting Started with Python) - University of Michigan
- Computer Science: Programming with a Purpose- Princeton University
- Cybersecurity for Everyone University of Maryland, College Park
- IBM AI Developer Professional Certificate

CAMPUS INVOLVEMENT

- President - International Student Organization | Secretary - Global Ambassadors, Penn State Global
- Member of Lambda Sigma Honor Society | International Student Welcome Leader 2025-26

SKILLS

- Java, C++, Python, JavaScript, SQL, HTML, CSS, Typescript, C
- Cybertools: Wireshark, Metasploit, Mimetcast, CrowdStrike
- Frameworks and Tools: React, Git, Docker, RESTful APIs
